

Polymeric defoamer Tech-49204

Description

Tech-49204 is non-silicon antifoaming agent which is special designed for the radiation-curing coating system. The Tech-49204 has excellent compatibility with good defoaming and antifoaming abilities. It has no influence on the re-coating.

Physics and Chemical properties

Ingredient: Special modified polymer

Appearance: Light yellow transparent liquid

Content: 100%

Specialty

1. Tech-49204 has excellent compatibility in radiation-curing system.
2. Tech-49204 has excellent antifoam performance in radiation curing systems.

Application System and Dosage

Tech-49204 could be used in the radiation-curing system

The dosage is 0.1-1%

Package

25kg metal pail.

TECH Polymer

A company focus on additives since its birth
