

Silicone free defoamer Tech-406W

Description

Tech-406W is a silicone free defoamer for water based systems. It has strong defoaming ability and it should be introduced in grinding stage.

Physics and Chemical properties

Ingredient : silicone free polymer

Appearance: Colorless, viscous liquid

Content : 100%

Specialty

1. Tech-406W defoamer is suit for water based system
2. Tech-406W should be introduced in grinding stage

Application System and Dosage

Tech-406W should be charged at the lapping stage during the produce with **0.05%** to **1.0%** dosage to gross.

Package

25kg metal pail.
