

## Adhesion promoter Tech-7300

### Description

Tech-7300 is a modified polyester. It is suitable for melamine baking system which can enhance the adhesion between the paint film and the metal substrate. Tech-7300 has good compatibility with melamine resin systems.

### Physics and Chemical properties

**Ingredient** : Special polyester

**Appearance**: Colorless viscous transparent liquid

**Content** : 60%

**Solvent** : 2-Butoxyethanol

### Specialty

1. Tech-7300 adhesion promoter is suitable for solvent melamine baking system to metal substrate.
2. Tech-7300 has good compatibility to melamine resins.

### Application System and Dosage

Tech-7300 is recommended to use in the melamine and PU systems.

Usually, it could be charged at random stage during the produce with **0.1%** to **5%** dosage to gross.

### Package

**25kg** plastic pail.
