

Leveling agent Tech-222

Descriptions

Tech-222 is organic modified polysiloxane with good compatibility and excellent slip. It provide good leveling and good antifoam performance. It provide mar resistance for coating film and improve the gloss of the paint film. Tech-222 could be used in high temperature systems. Because of its good compatibility, it could be used in clear system.

Physics and Chemical properties

Ingredient : Organic modified polysiloxane

Appearance: Light yellow viscous transparent liquid

Content : 100%

Specialty

Leveling	Wetting	Recoat Ability	Compatibility	Sliding	Low Foaming Stability	Anti-crater	Anti-adhesive
