

Silicone defoamer Tech-375

Description

Tech-375 is specially modified organic silicon antifoaming agent has super antifoam ability and good compatibility. Tech-375 could also improve the flow of the paint film.

Physics and Chemical properties

Ingredient : Modified silicone

Appearance: Light yellow transparent liquid

Content : 100%

Specialty

1. Tech-375 is suitable for the solvent coating system has excellent abilities to restrain and break the foam.
2. Tech-375 has very good compatibility. Crater possibility should be test before Tech-375 used.
3. Tech-375 has comprehensive applications which can be used in various common coating systems.

Application System and Dosage

Tech-375 is suitable for all of the solvent system and UV coatings.

Usually, it could be charged at random stage during the produce with **0.05%** to **1%** dosage to gross.

Package

25kg metal pail
