

Silicone defoamer Tech-3901

Description

Tech-3901 is an organic silicone defoamer for water-based systems. It has strong defoaming ability with low dosage. It should be introduced in grinding stage.

Physics and Chemical properties

Ingredient : polyether modified Polydimethylsiloxane

Appearance: viscous liquid

Content : 100%

Specialty

1. Tech-3901 is suit for water-based systems
2. Tech-3901 has strong antifoaming with low crater possibility.

Application System and Dosage

Tech-3901 is suitable for water-based systems.

The dosage is 0.1-1%

Package

25kg metal pail.
