

## Polymeric defoamer Tech-498

### Description

Tech-498 is a vinyl copolymer defoamer with strong defoaming ability, low possibility to cause crater. It has excellent performance in coil coating, epoxy coating and UV curing systems.

### Physics and Chemical properties

**Ingredient** : Vinyl copolymer

**Appearance**: Light yellow transparent liquid

**Content** : 100%

### Specialty

1. Tech-498 is special vinyl copolymer compound. It has strong antifoam ability and excellent performance in coil coating systems.
2. Tech-498 can solve the difficult antifoaming problem in high viscosity system.

### Application System and Dosage

Tech-498 could be used in 2K PU, amino baking varnish, nitro dip-coating, acid cure amino, epoxy solvent and solvent-free systems.

The amount is around 0.1%-1.0% of total

### Package

25kg metal pail.
