

## Water repellent Tech-29802B

### Descriptions

Tech-29802B is a solventless silicone concentrate that is based on a mixture of silane and siloxane. It could provide excellent water-repellent for inorganic substrate and building materials

### Physics and Chemical properties

**Ingredient:** mixture of silane and siloxane

**Appearance:** hazy liquid

**Content:** 100%

### Specialty

1. Tech-29802B could be used as primer for inorganic substrate to supply water repellent effect.
2. Tech-29802B has good depth of penetration and high resistance to alkalis

### Application System and Dosage

Usually, it could be charged at random stage during the produce with **1%** to **5%** dosage to gross.

### Package

25kg plastic pail.

## TECH Polymer

A company focus on additives since its birth

For research and development purposes only, there is no warranty of any kind, so please test its suitability in advance.
